

Minor in Management Information System

Required courses

- Introduction to management information system
- Business database technology
- Business systems analysis and design
- E-business

Electives (choose one course)

- Introduction to business programming
- Data analysis using spreadsheet

Electives (choose one course)

- Systems implementation and project management
- Business intelligence and data management

In case a required course has already been learnt in the major or in the GE component, students must take one substitute from the minor electives

Students who choose this minor must make sure that they accomplish at least 18 credit hours required for it
